

HAPPY NEW YEAR FROM SIS

SIS had another great year, both here at Trinity Christian College and at TCCSevilla. Here are a few exciting updates we would like to share with you.

SPANISH FOR HEALTH CARE

In light of many nursing and science students looking for Spanish speaking opportunities abroad, SIS will now be offering *SIS 231 - Spanish for Health Care* during both summer terms 1 and 2, beginning summer 2018. The 2-credit course will allow students to study Spanish terminology commonly used in medical fields such as nursing and health communication, with frequent use of role playing and simulated medical situations. The goal of this course is for students to begin to feel comfortable with medical phraseology in hopes of pursuing a career in many types of health care. Spanish continues to be more and more valued in the professional world, especially in the medical field. We are excited to welcome students with these interests to TCCSevilla!

INTERNSHIPS: SPRING & SUMMER

In May 2017, SIS launched an internship course, SIS 425, available to spring or summer students! Spring students who complete two advanced courses may choose to stay for an additional month in May to complete a two-credit, 80-clock hour internship in their desired field. Students who complete an advanced course during Summer Term 1 may choose to stay for an internship during Summer Term 2. The internship course includes a concurrent seminar and completion of a final presentation based on student experiences and observations during the internship.

APPLICATION DEADLINES

The application deadlines are the same as past years:

Summer Terms: March 30

Fall Semester: April 20

Spring Semester: October 10

You may be aware that students are able to access the SIS application via our website: www.semesterinspain.org/apply. This allows students to apply quickly and easily while using a credit card to pay the \$50 fee upon the completion of the application. Paper copies of our application are still available as a printable PDF on the SIS website or towards the back of the SIS viewbook.

CAMPUS VISITS

Interested in having our recruiter visit your campus? If so, email Alexis Smith, Associate Director for Marketing and Recruitment, at alexis.smith@trnty.edu to schedule a campus visit. Alexis travels to colleges and universities all across the nation each spring and fall semester. Add yours to her list today!
